

## TOTAL CLEAN

### Cleans Anilox Rollers, Plates, Inks & Coating Systems

Available as a Powder - RTU liquid - Super Concentrate liquid (1 part to 19-38 parts water).

Total Clean is an innovative cleaning product formulated to clean Anilox Rollers, Plates, Ink & Coating Systems. (chambered blades, hoses, pumps, sumps, and pans).

Total Clean aids in maintaining high print quality, consistent ink density, maximum anilox life and reduction of maintenance costs

- Removes dried ink off of chambered blades, hoses, pumps, anilox rolls, sumps and pans.
- Cleans flexographic, gravure, offset and aqueous print stations for optimal print consistency.
- Extends anilox life by removing dried ink and maintaining cell volume.
- Reduces frequency of re engraving or soda blasting the roll.
- In most cases all versions can be used with 25-50% more water added (test levels).
- Reduces overall maintenance time and change over.
- Ready to use - powder blend.
- Zero VOC's.
